

## **SERC TextEd Video Transcript**

How do you fall in love?

How big is the average penis? Can you enlarge it?

Can I use a condom twice?

Manitobans will always have questions, and we'll be here to answer them.

Introducing TextEd, a new text-based service provided by SERC, designed to give you informed answers to your sex and sexuality questions- anywhere in Manitoba.

We're not medical professionals, but we will be there to answer the tough questions we're qualified to answer.

Just text 204-982-7801 and a dedicated person from our team will respond within two business days.

Sex ed shouldn't stop at high school, and with TextEd, it doesn't have to.

Up-to-date answers are just a text message away.

TextEd, your sex ed questions answered.
